There is no such thing as 'Going Back to Normal' . . . and NORMAL wasn't good enough, anyway!

“Normal”: The more inequality the higher the number of Covid19 infections

Anything that can be digitized,
automated or virtualised, will be:
the END OF ROUTINE

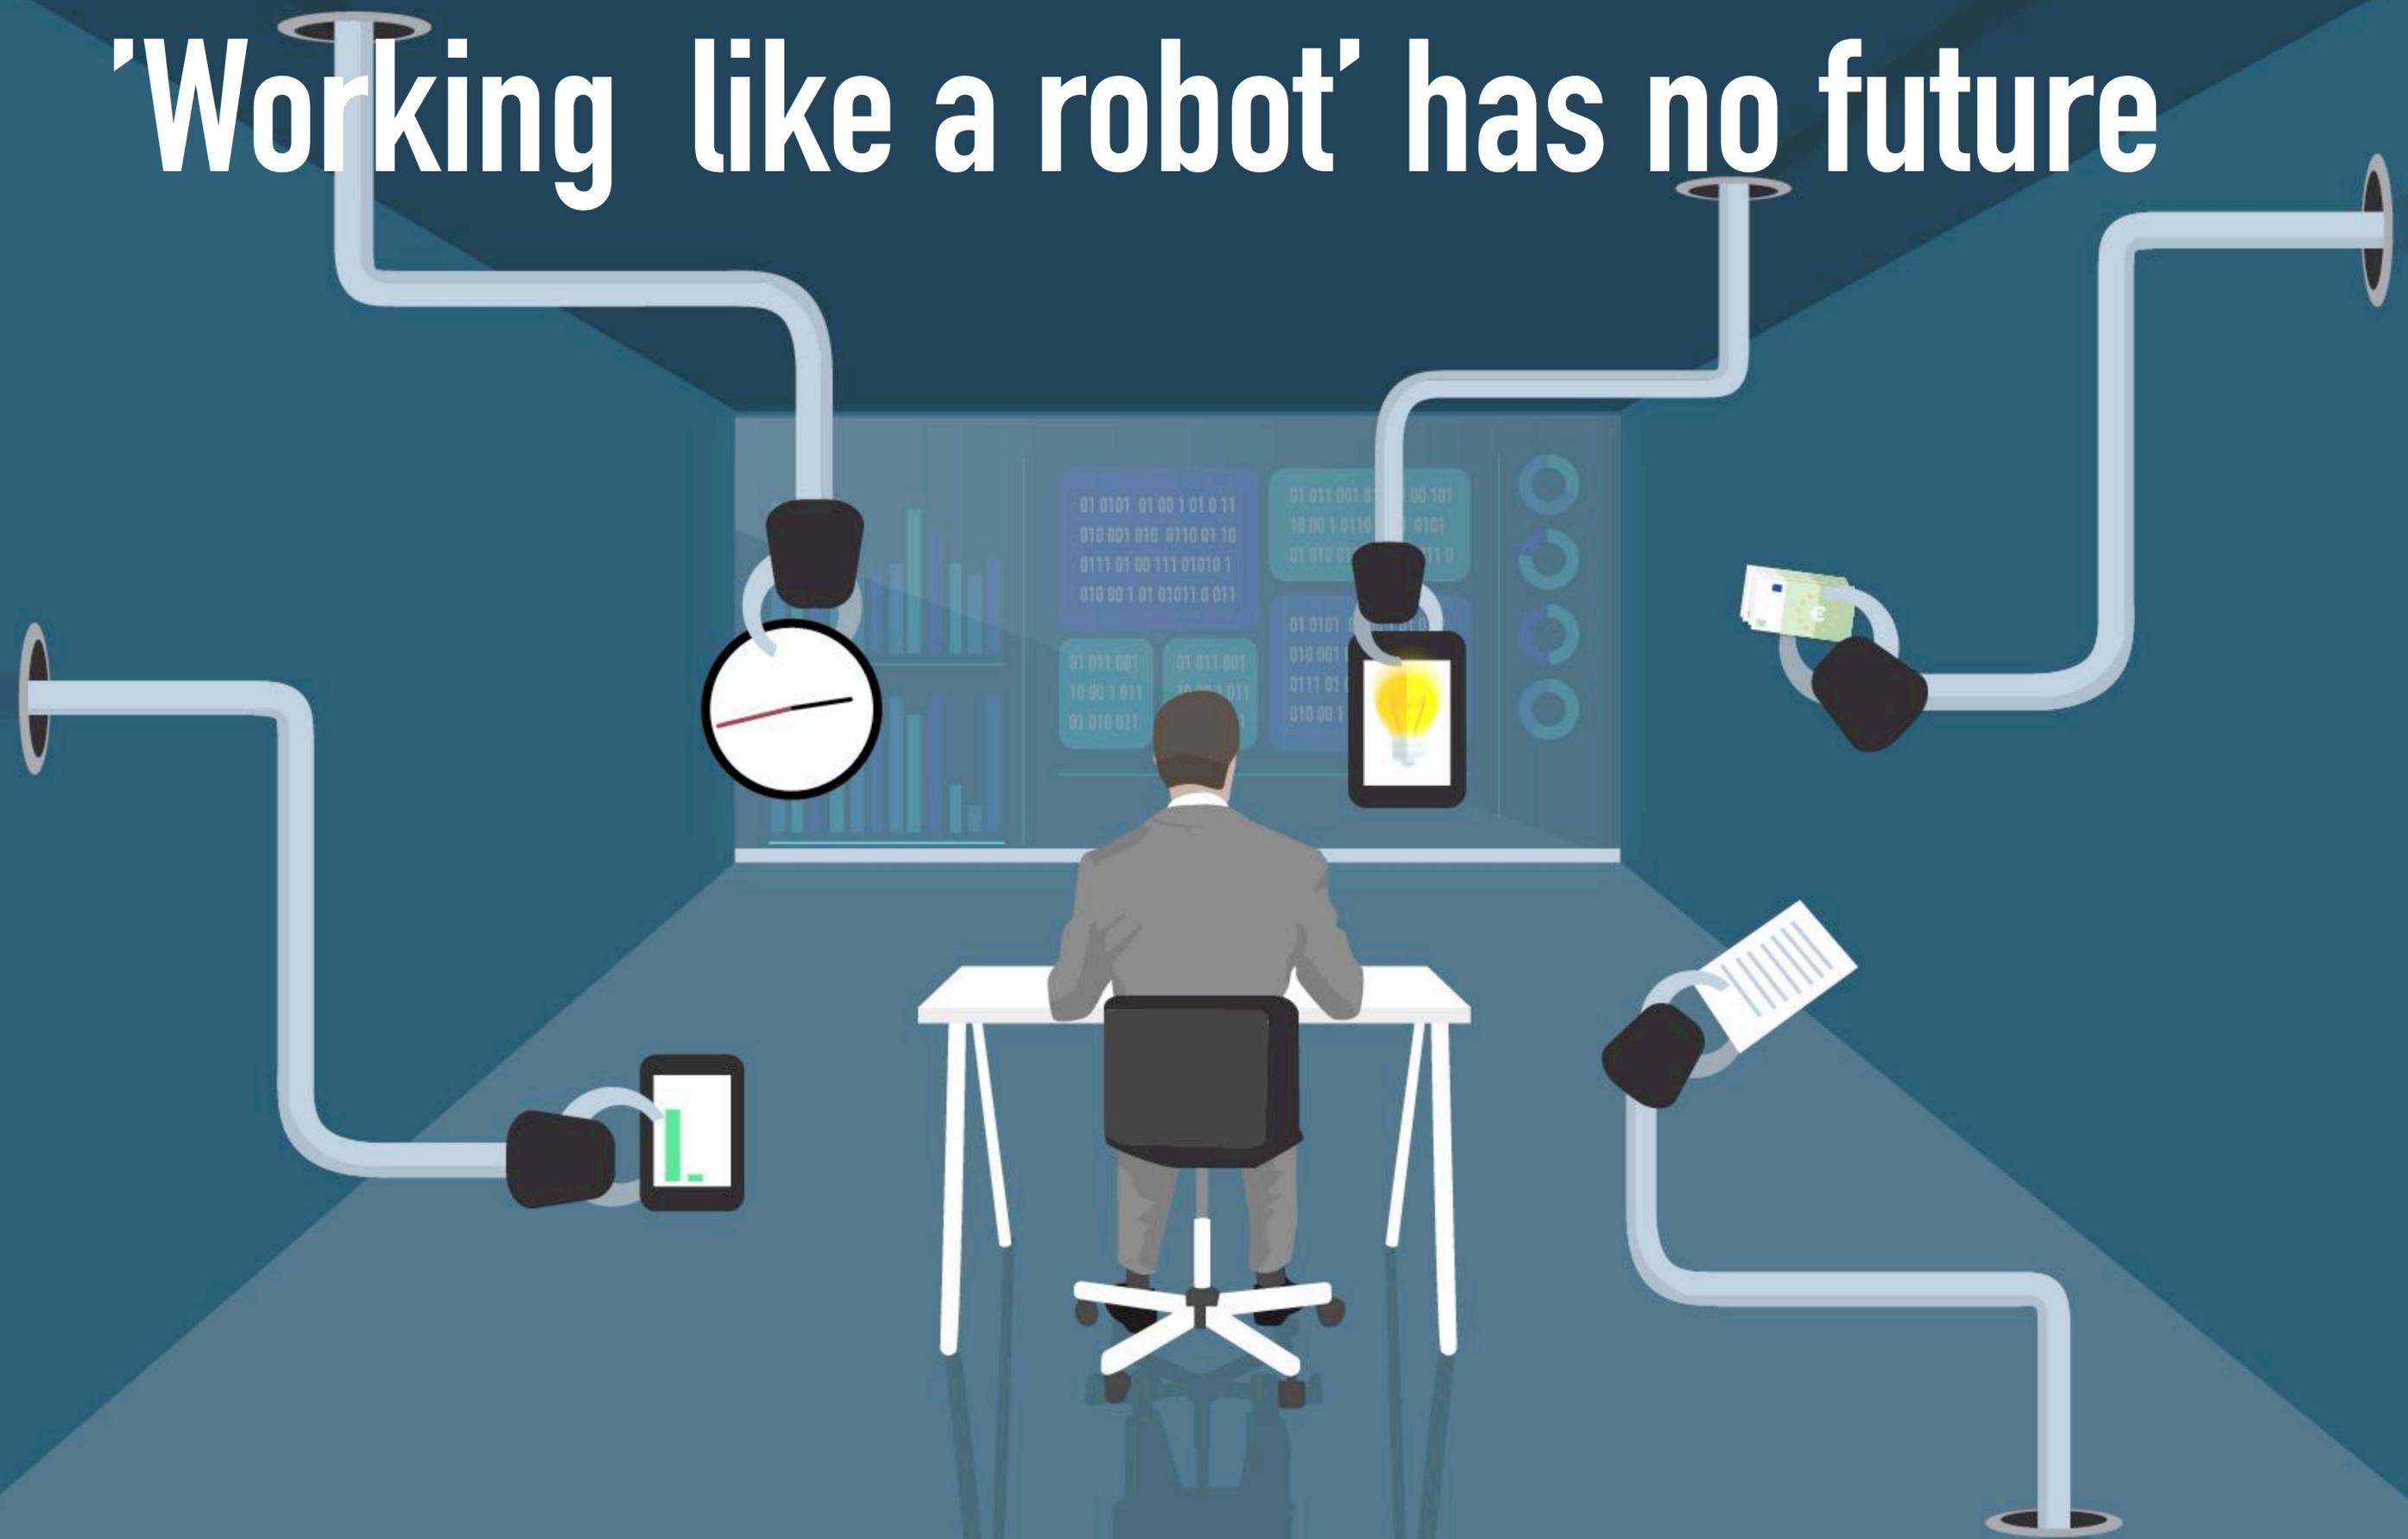

ROUTINE

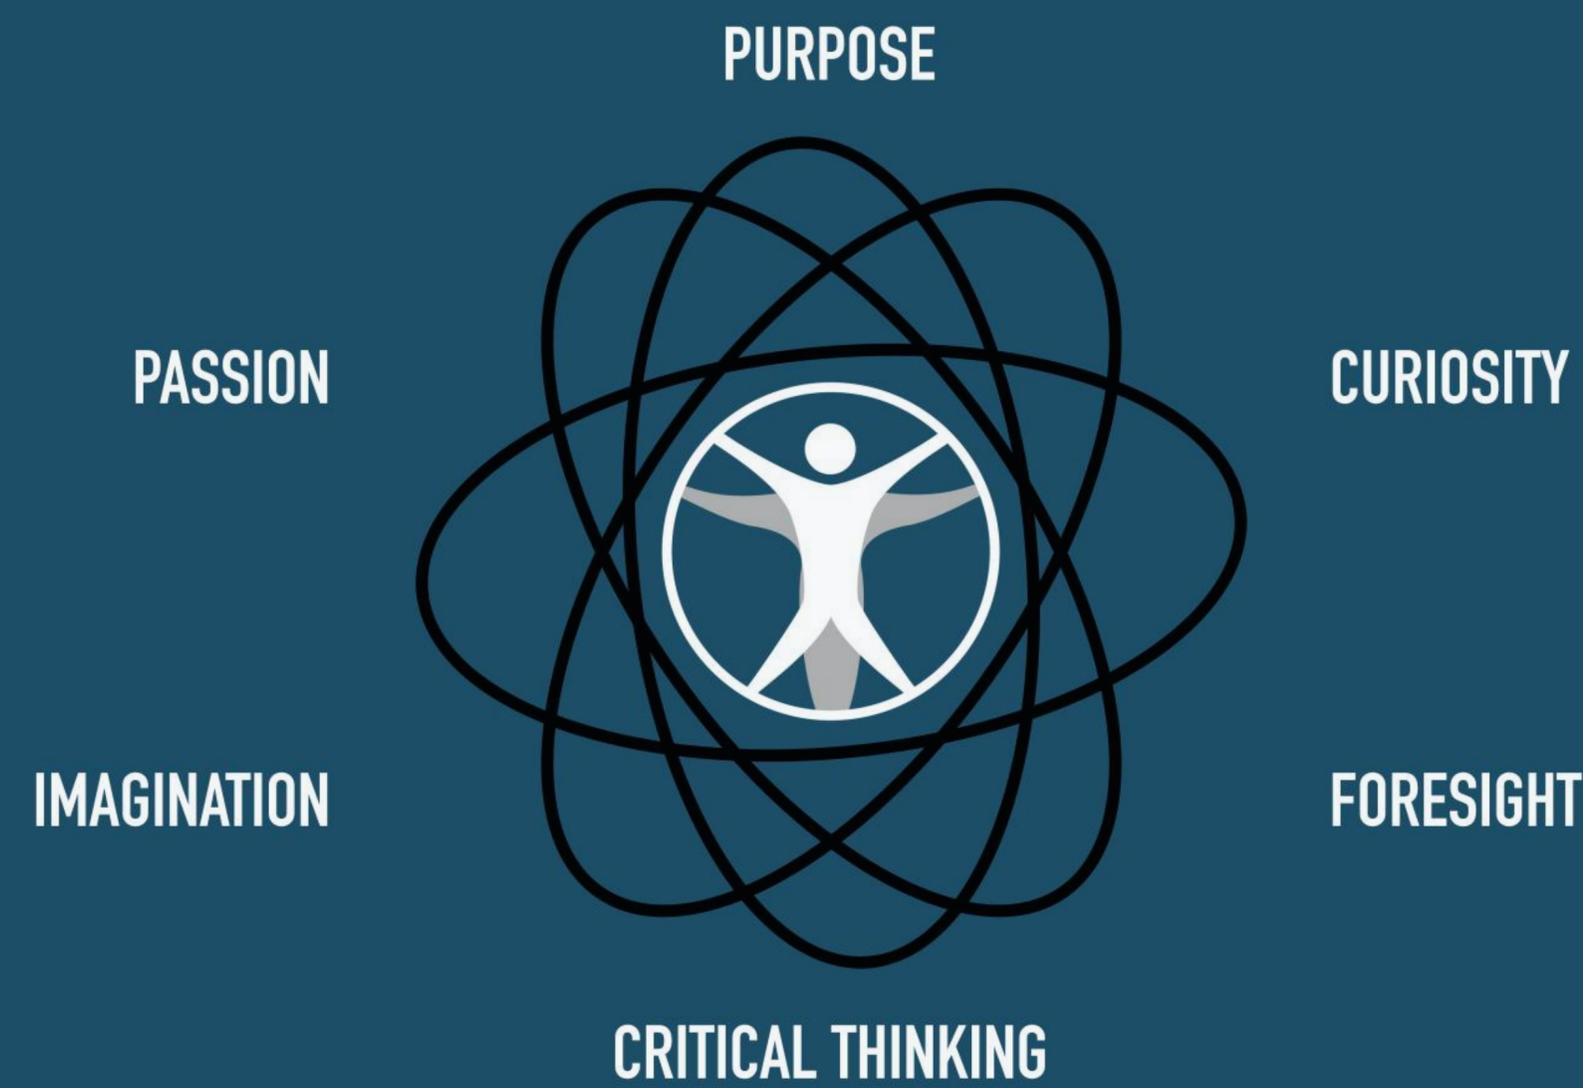

Anything that CANNOT be digitised or automated becomes extremely valuable

'Working like a robot' has no future

The more 'virtual' our work becomes, the more valuable Real-Life Human-to-Human interactions will become

Culture still eats Technology for Breakfast

Unilever #StaySafe
@Unilever

We have taken the decision to stop advertising on @Facebook, @Instagram & @Twitter in the US.

The polarized atmosphere places an increased responsibility on brands to build a trusted & safe digital ecosystem. Our action starts now until the end of 2020.

Brands have a duty to help build a **trusted** and **safe** digital ecosystem.

That's why our brands will **stop advertising** on Facebook, Instagram and Twitter in the US.

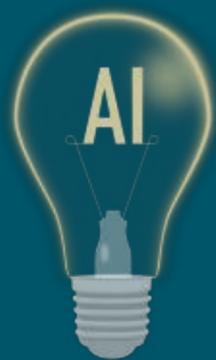

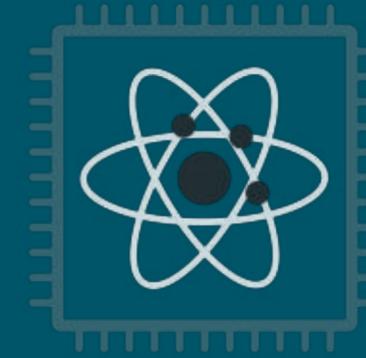

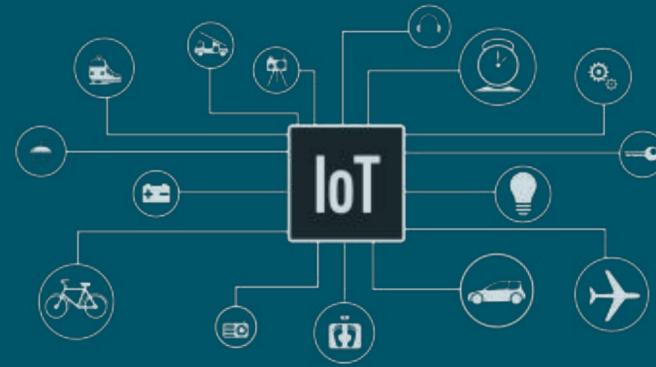

Sara Spivey
@SaraSpivey1

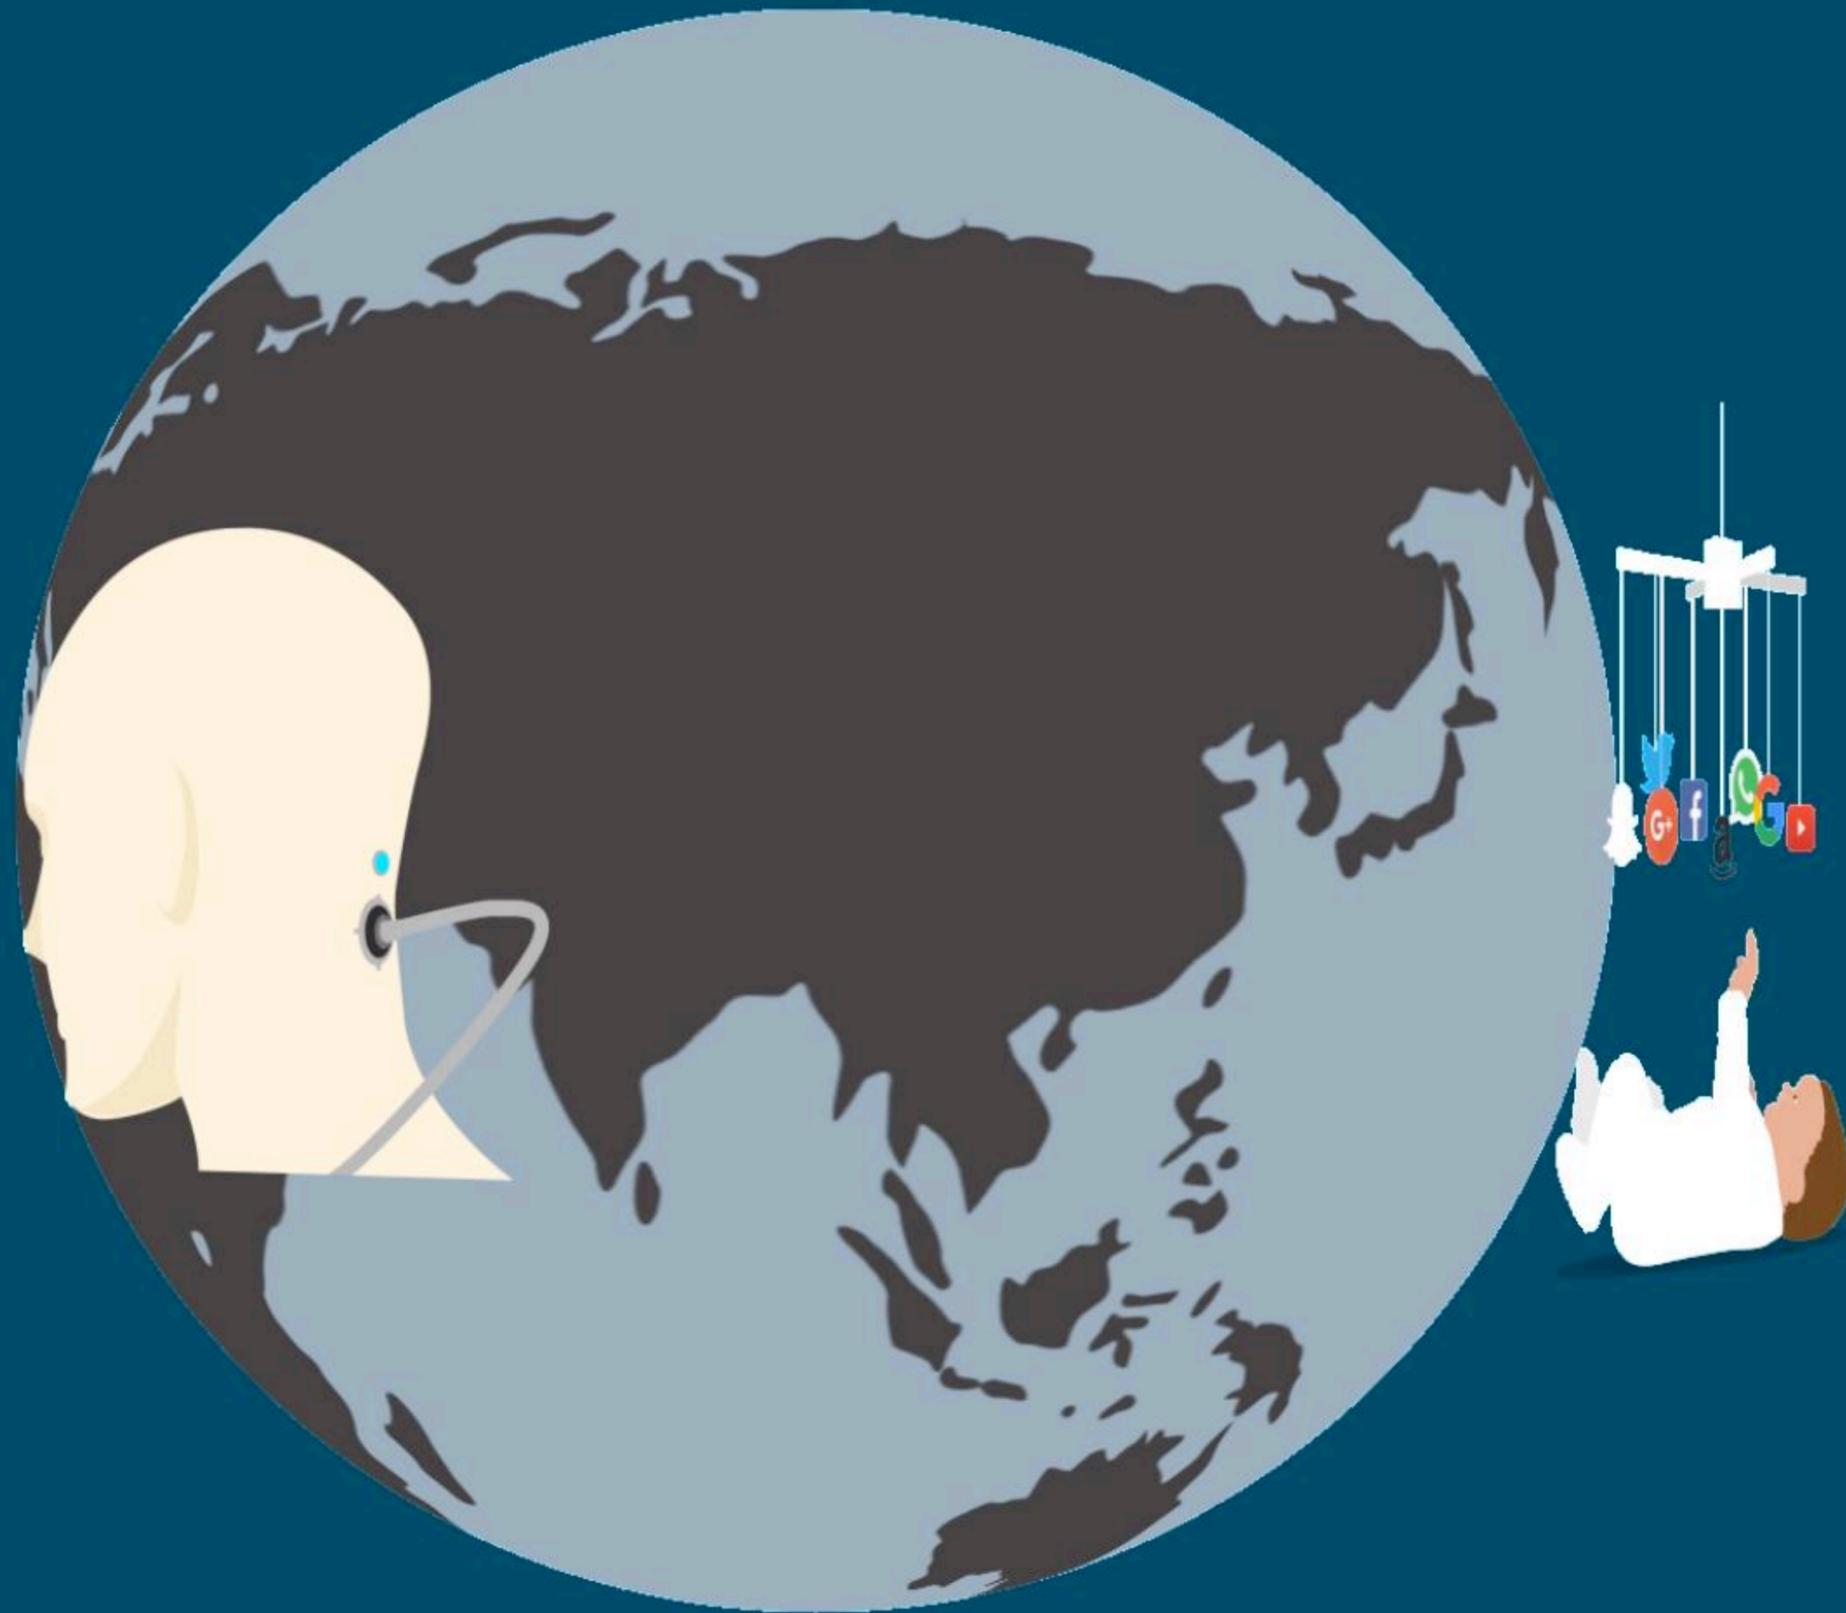

As a CMO, I am reallocating dollars planned for Facebook advertising to other places. I won't fund an org that fails to act against divisiveness and hate, hiding behind "freedom of speech." Fellow marketers, join me.
